- 8.6 The Company reserves the right to withhold payment in respect of disputed invoices and the Company shall notify the Supplier of any disputed invoices within 14 working days of receipt. Notwithstanding such branding, the Supplier will ensure that the Goods state a unique batch number in such style, typeface and position as shall be agreed with the Company.

16.3 If requested to do so by the Company, the Supplier shall supply Goods at no extra cost to the Company with bar codes in accordance with the Company's instructions.

17. DEFECTS AND COMPLAINTS

In the event that the Company believes that some (or all) of the Goods and/or some (or all) of the product of the Services is/are defective, it will inform the Supplier as soon as practicable of the nature of such claim. The Supplier will, within 14 days of a request by the Company (or if circumstances demand such shorter period as the Company may require), inspect the said Goods and/or product of the Services, whether at the Company's or third party's premises and prepare and submit to the Company a written report of its findings within the following 14 days (or if circumstances demand such shorter period as the Company may require). In addition, and if the Company or its customer so requests, it will reimburse the Company the cost of instructing an industry independent expert to inspect the said Goods and/or product of the Services to give an opinion in relation to their conformity with this Contract. Neither party shall be bound by any report or opinion provided under this clause.

The Supplier acknowledges that damages alone would not be an adequate remedy for a breach of this clause and accordingly, without prejudice to any other rights and remedies it may have, the Company shall be entitled to the granting of equitable relief (including without limitation injunctive relief) concerning any threatened or actual breach of any of the provisions of this clause.

19. TERMINATION

19.2 In the event of a termination for default, the Company's liability shall be limited to the payments for Goods delivered or the Services performed, and accepted, by the Company under this Contract.

19.3 The Company may terminate this Contract at any time for its convenience, in the whole or in part, in which event, the Company's sole obligations and liability to the Supplier shall be to reimburse the Supplier for those Goods actually delivered and accepted by the Company and those Services performed and accepted up to the date of termination.

19.4 The Company may order suspension of this Order, or part thereof, by notice in writing. In such event the Supplier will minimise the cost of such suspension and the Company will upon request make an equitable adjustment to this Contract to reflect the period of the suspension.

19.5 In no event shall the Company be responsible for loss of the Supplier's anticipated profit or other consequential or purely economic loss nor shall the Company's liability exceed the Contract value.

19.6 The Company may at any time make changes in shipping and packing instructions, quantities, drawing, designs, specifications, place and/or time of delivery or performance, for which an appropriate adjustment to this Contract shall be made and agreed between the parties in writing.

19.7 Where the Company has issued a "Blanket Order" for the sake of administrative convenience, such a "Blanket Order" will be deemed to be an estimate of orders only and the Company may cancel any part of these instructions without any obligation or liability to the Supplier whatsoever.

20. COMPLIANCE

20.1 The Supplier undertakes to fulfil the compliance obligations set forth in this clause. In addition, the Supplier shall require its own suppliers and subcontractors to comply with the same rules. Hambaker Pipelines is entitled to conduct audits in order to ensure the compliance to these rules.

20.4 The Supplier shall comply and require that all of its affiliated companies, officers, employees, representatives, subcontractors, and agents (the "Supplier's Representatives") comply with the Suppliers' Charter and applicable laws on preventing corruption. In particular, the Supplier and the Supplier's Representatives shall not directly or indirectly promise, offer, or grant to any public official or any other person any undue advantage with a view to making this person do or abstain from doing something, in breach of their legal or professional obligations.

20.5 The Supplier shall keep accurate accounts in accordance with its country's generally accepted accounting principles and in which all financial flows generated by this Agreement shall be correctly recorded; and shall inform Hambaker Pipelines, as soon as it may be aware, of any solicitation to commit an act of bribery or corruption occurring during the performance of the Agreement.

Economic sanctions

20.6 The Supplier undertakes to comply with any laws and regulations on economic sanctions applicable to the activities covered by this Agreement. These may include instruments adopted by the United Nations, the United States or the European Union.

In any such event, the Supplier shall provide Hambaker Pipelines with all related (and reasonably necessary) information and documents.

Suspension of obligations

21. FORCE MAJEURE

21.1 The obligations of a party shall be suspended during the period and to the extent that the party in question is prevented or hindered from complying with them by Force Majeure, provided that the party claiming Force Majeure has taken all reasonable steps to avoid such Force Majeure circumstance. 21.5 If due to a Force Majeure event the Supplier is prevented from or delayed or hindered in making delivery, the Company shall be entitled but not obliged to purchase the whole or any part of the Goods and/or Services elsewhere and this Contract shall be varied accordingly.

21.6 Notwithstanding clause 21.5, if a party claims Force Majeure for a continuous period, which exceeds agreed delivery lead times by a period of one month, the other party may terminate this Contract immediately on written notice to the first party. If the Company serves such notice as a result of a Force Majeure event claimed by the Supplier, the Company shall be entitled to exercise its right of set-off under clause 8.5 against monies owed to the Supplier in respect of additional costs it may reasonably have incurred since the Supplier's notice under this clause, such costs having been incurred by the Company to ensure the Company honoured its obligations to its customers. - (n) provide the Company with its full co-operation and assistance in relation to any request made by a Data Subject to exercise its rights under the Applicable Data Protection Laws in relation to that person's Personal Data.

22.4 If either party receives any complaint, notice or communication which relates directly or indirectly to the processing of Personal Data by the other party or to either party's compliance with the Applicable Data Protection Laws, it shall as soon as reasonably practicable notify the other party and it shall provide the other party with reasonable co-operation and assistance in relation to any such complaint, notice or communication.

22.5 The Supplier agrees to indemnify and keep indemnified and defend at its own expense the Company against all costs, claims, damages or expenses incurred by the Company or for which the Company may become liable due to any failure by the Supplier or its employees, agents, consultants or sub-contractors to comply with any of its obligations under this clause 22.

23. TUPE REGULATIONS

Unless the parties expressly agree in writing to the contrary, on the termination of this Contract should any employee of the Supplier transfer to the Company by virtue of Transfer of Undertakings (Protection of Employment) Regulations 2006 (as amended) the Supplier shall fully indemnify and hold the Company harmless against all and any actions, awards, claims or other legal recourse, complaints, costs, debts, demands, expenses, fines, liabilities, losses, outgoings, penalties or proceedings (including legal and other professional fees and expenses) which the Company may suffer, sustain, incur, pay or be put to arising from or in connection with the employment (including but not limited to the termination of employment) of any such employee(s).

24. RESPONSIBLE PURCHASING

- The Saint-Gobain Group has signed up to the "United Nations Global Compact" and applies the "OECD guidelines for multinational enterprises" as well as the fundamental principles and rights at work described in the "ILO Declaration" (International Labour Organization). In this context, it has notably adopted a policy of responsible purchasing, an integral part of the Group's Responsible Development policies.
 - The approach and expectations of the Saint-Gobain Group with regard to its suppliers are formalized in Saint-Gobain's "Suppliers Charter" (hereinafter referred to as the "Charter"), a copy of which can be made available to the Supplier by the Company upon request.
- 24.1 In addition to this Charter, Saint-Gobain has set up a professional alert system for suppliers allowing them to report any event or conduct non-compliant with applicable laws and regulations, international rules or with the principles of the Charter. Any alert may be sent by e-mail to: external.csr-alert@saint-gobain.com.
- 24.2 As part of its "Responsible Purchasing" policy, and in application of its vigilance plan, Saint-Gobain conducts a supplier analysis based on its risks mapping before assessing, if necessary, its suppliers' environmental, social and ethical practices through documentation reviews or on-site audits, on the basis of international standards (hereinafter referred to as the "Evaluations"). Should these assessments show any disparities between the standard reference framework used and the supplier's practices, Saint-Gobain will define with the supplier the corrective measures to be implemented. Any failure to implement these measures may result in the supplier being delisted and in the early termination for breach of this agreement and all other agreements concluded with the Saint-Gobain Group companies.
- 24.3 The Supplier confirms that it has read, and complies with, the Charter. The Supplier acknowledges that the Company may conduct Evaluations on the Supplier and agrees to provide the necessary assistance for that purpose.

Evaluations and audits

24.4 The Supplier authorizes Saint-Gobain to conduct Evaluations and audits at any time in order to make sure that the Supplier is complying with its obligations under this clause 24. In this regard, the Supplier shall provide all the documents and data required to prepare and conduct the Evaluation or the audit and give access to the site of the Supplier or its affiliated companies.

24.5 23.7 Organization and performance of Evaluations or audits may include exchange and storage of personal data, mainly work-related.

Agreement suspension

24.6 If the Company has reasons to believe that the Supplier is not fulfilling the obligations contained in this clause 24, the Company shall inform the Supplier and may suspend performance of the Agreement until the Supplier provides reasonable proof that it has not committed or is not about to commit a breach. The Company shall under no circumstances be liable for any damage or loss caused to the Supplier by the suspension of the Agreement.

Agreement termination

- In case of an actual breach by the Supplier or the Supplier's Representatives of the provisions of this clause 24, the Company shall be entitled to terminate the Agreement, ipso jure with immediate effect, by registered letter with acknowledgement of receipt, without paying any compensation and without prejudice to any damages or remedies which the Company may be able to claim as provided for by law.
- 24.7 Any and all general exclusions or limitations of liability mentioned elsewhere in the Agreement shall not be applicable to claims arising from or in connection with the Supplier's breach of obligations under this clause 24.

25. REACH REGULATIONS

Caring for the environment and respecting health and safety in the work environment are part of the Saint-Gobain Group's Principles of Conduct and Action.

- 25.1 As manufacturer, importer or distributor (as the case may be) of the chemical substances sold to the Company, whether these substances are supplied to be used unaltered, contained in mixtures or articles, the Supplier undertakes to comply with all applicable laws and regulations in force and more particularly with both European Regulations n° 1907/2006 and 1272/2008 respectively regarding the registration, evaluation, authorisation and restriction of chemical substances ("EU REACH Regulation" and "UK REACH Regulation" (being equivalent to EU REACH Regulation as at 01 January 2021 and as may be amended from time to time by UK authorities)) on the one hand and the classification, labelling and packaging of substances and mixtures ("CLP Regulation") on the other hand.
- 25.2 As part of this commitment, the Supplier undertakes to permanently comply with any regulatory change in EU REACH Regulation and/or UK REACH Regulation and, consequently, to adapt its own obligations towards the Company for the whole duration of this Contract.
- 25.3 In this respect, the Supplier shall in particular ensure that the substances provided to the Company are duly registered for the uses that have been indicated to him by the Company in both UK and EU. The Supplier undertakes to provide the Company with the registration numbers of the substances in both territories.
- 25.4 Moreover, should these substances be subject to an application for inclusion in the European Chemical Agency's ("ECHA") candidate list of substances of very high concern, the Supplier shall inform the Company as soon as he is aware of such application. This obligation shall also apply in the case of sale to the Company of mixtures or articles containing such substances.
- 25.5 In addition, in the event that the substances supplied to the Company are subject to authorisation or restriction, the Supplier undertakes to inform in writing the Company of any restrictions and prohibitions of use that affect these substances and of any possibility to substitute such substances.
- 25.6 The Supplier undertakes to inform the Company with a minimum of six (6) months' written notice if, in the course of this Contract, it intends either to modify the ingredients and/or technical characteristics of the substances, mixtures or articles supplied or to stop selling them.
- 25.7 The substances and/or mixtures shall be accompanied by any information that are necessary in order to enable the Company to use them totally safely. Such information shall be mentioned in the safety data sheets ("SDSs") written in the language of the country of delivery when a SDS is required by the European and/or national regulations in force or, if such SDS is not mandatory, consist in all information referred to in Article 32 of the EU REACH Regulation and UK REACH Regulation.

25.8 The Supplier guarantees the Company against any financial consequences arising from the Supplier's non-compliance with its obligations resulting both from the EU REACH Regulation, UK REACH Regulation and CLP Regulations and the present clause. Any limitation of liability provided elsewhere in this Contract does not apply to liability incurred by the Supplier in this respect.

26. COMPETITION LAW COMPLIANCE

26.1 The parties intend that the Contract and their actions in relation to it shall comply at all times with all applicable competition laws, and in particular with EC and UK competition laws, and the parties are satisfied that the Contract does so comply as at the start date of this Contract.

26.2 The parties agree during the term of the Contract to take all appropriate steps to ensure that there are no discussions, exchanges or disclosures of information or documents, or other acts or omissions by or between them in relation to the Contract which might contravene applicable competition laws.

26.3 In the event that either Party believes, for any reason, that the Contract no longer complies with all applicable competition laws, it must notify the other Party immediately. Both parties must then as soon as reasonably practicable enter into negotiations in good faith and they must use all reasonable endeavours to amend or vary the Contract so that it complies with all applicable competition laws while giving effect so far as possible to the parties' original intentions in relation to the Contract.

26.4 Notwithstanding clause 26.3 where in the future the Company should consider that the Contract does not comply with the applicable competition rules, then it will allow the Supplier to supply a sufficient quantity of its output to the Company's competitors to remove any anti-competitive effects of the arrangement.

27. GENERAL

27.1 The Supplier shall not without the prior written consent of the Company sub-contract, transfer or assign this Contract or any part of its obligations under this Contract.

27.2 The failure by the Company to exercise or enforce any rights contained in Contract shall not be deemed to be a waiver of any such right nor shall any such failure be considered as a waiver of any subsequent breach of the same or any other provision.

27.3 If Goods are delivered to the Company in excess of the quantities ordered the Company shall not be bound to pay for the Excess and any excess will be and will remain at the Supplier's risk and will be returnable at the Supplier's expense.

27.4 Any notice required or permitted to be given by either party to the other under these Conditions shall be in writing addressed to that other party at its registered office or principal place of business. Notices sent by first class pre-paid post shall be effective 2 business days after posting. Notices sent by registered post, special delivery or personal delivery shall be effective at the time of delivery. Notice may not be given by electronic or e-mail communications.

27.5 If any provision of this Contract is held by any court or competent authority to be invalid or unenforceable in whole or in part, this Contract shall continue to be valid as to the other provisions of this Contract and the remainder of the affected provision.

27.6 No variation may be made to this Contract without the prior written approval of a duly authorised representative of the Company and any agreed amendments will be recorded on a separate amendment sheet.

27.7 Each right or remedy of the Company under this Contract is without prejudice to any other right or remedy of the Company whether under this Contract or not.

27.8 Save as provided in clause 11.7, a person who is not a party to this Contract has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any terms of this Contract but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

27.9 If there is any conflict between the provisions of the Specification and these Conditions, unless the parties agree otherwise, the provisions of these Conditions shall prevail. If there is any conflict between the provisions on the face of the Order and these Conditions, unless the parties agree otherwise, the provisions on the face of the Order shall prevail.

27.10 This Contract and all documents referred to in it contain the entire agreement between the parties with respect to the subject matter of this Contract and supersedes all previous agreements and understandings between the parties with respect to it, provided that nothing in this Contract shall prejudice any condition or warranty (express or implied) or any legal remedy to which the Company may be entitled in relation to the subject matter of this Contract by virtue of any statute, custom or any general law or local law or regulations.

27.11 The Supplier shall comply with the contents of any supplier charter that applies at the date of the Contract, or which the Supplier is notified of as applying at a later date, a copy of which is available from the Company upon request. The Company reserves the right to amend the form of any supplier charter and shall notify the Supplier when a new version of the supplier charter shall take effect.

27.12 In performing its obligations under the Contract, the Supplier shall and shall procure that each member of its group shall comply with all applicable laws and regulations. The Company may terminate the Contract with immediate effect by giving written notice to the Supplier if the Supplier commits a breach of this clause 27.12 and for the avoidance of doubt, this right to terminate includes where the Company reasonably believes that the Supplier has not made sufficient enquiries or efforts to ensure that modern slavery is not present within the Supplier's own supply chain as covered by the Modern Slavery Act 2015.

27.13 This Contract shall be governed and construed in accordance with the laws of England and the parties submit to the exclusive jurisdiction of the English Courts.
